# IN MEMORIAM

"Such a long, long time to be gone  
And a short time to be there"  
Becca, you were an inspiration  
to all who knew you. Your strength,  
compassion, courage and beautiful  
smile will always be remembered.  
You are always with me. I love you.

#### What Cancer Cannot Do

It cannot cripple love  
It cannot shatter hope  
It cannot corrode faith  
It cannot destroy peace  
It cannot kill friendship  
It cannot suppress memories  
It cannot silence courage  
It cannot invade the soul  
It cannot steal eternal life  
It cannot conquer the spirit.

#### Our Beloved Child,

We miss you so terribly. You always made us so very proud. You would have done great and wonderful things with your life, given your intelligence, aptitude, perseverance, and empathy. You were robbed of your life by a demon that we could not stop. We don't understand it. We wanted to trade places with you because we have experienced life and you were just beginning. We thank God for every day we had together. We did a lot of living in the last three years, time we will always treasure. Having you as a daughter was a gift.

Mom and Dad

Monday Sept. 30, 2002 my mom called from the hospital. She told us it could be a few hours. This is when the road became dark. We didn't know what to expect. I became scared, but I felt someone help me through this. The person who helped me was Becca. She may not have looked like she knew what was going on, but I know she felt the warmth I felt from her on the way to the hospital. When she did pass away she knew it was just our family watching her slowly glide through the gates painlessly. Becca went out in her "Becca Style". In my heart I feel she is helping everybody around the world now. To be so young and not be afraid of anything is so amazing. This is why she is my inspiration and has been for the past three years. Whenever someone asks me about her, she is the one who brings me that lovable smile to my face and fills my heart with joy. I proudly smile in remembrance to her special life. I love you Bec.

Dear Tim,

When you were small, I showed my love by holding tight to you  
To keep you safe, my fearless one, from things that you might do.

Then, as you grew, I showed my love by giving you some space  
To navigate the world yourself and learn at your own pace.

Through teenage years I searched for ways to show my love for you  
But always seemed to hit a wall that I could not break through.

Although I didn't think you'd hear the things I tried to say,  
I hoped that through my vain attempts, you'd hear me anyway.

And so, I write these words for you and hope that you will see  
How very proud I am of you, my precious, Timothy.

Love, Mom

Ben,

When you wish upon a star  
 Makes no difference who you are  
 Anything your heart desires  
 Will come to you

If your heart is in your dream  
 No request is too extreme  
 When you wish upon a star  
 As dreamers do

Fate is kind  
 She brings to those to love  
 The sweet fulfillment of  
 Their secret longing

Like a bolt out of the blue  
 Fate steps in and sees you through  
 When you wish upon a star  
 Your dreams will come true

We are proud of you,  
 Dad, Mom, Jessie and Abbey

From the moment we saw you  
Our job had begun  
To teach you life's lessons  
Your independence as one

You've been a pillar of strength  
Wisdom, caring & love  
Unconditional to others  
A true gift from above

Friends sought out your guidance

# Principal's Message

## *Principal's Message*

To All Seniors:

You have done well. You are already thinking about whatever is next, and you are ready. Remember, however, that schooling for four years in high school is only the beginning of an education. Being educated takes much longer. Keep working on the development of those things you worked on here.

- ⇒ Be stronger thinkers.
- ⇒ Be more inventive problem-solvers.
- ⇒ Be smarter.
- ⇒ Be fitter.
- ⇒ Be passionate about more people and things.
- ⇒ Be more aware of how "the system" works.
- ⇒ Be more of yourself.
- ⇒ Be yourself more.
- ⇒ Be the one who uses knowledge to make the world better.

I wish you all success and a touch of good luck when you need it.

  
William L. Foye

# FAREWELL

## JOHN BORSETTI

Mr. Borsetti has been one of the cornerstones of Beverly High School since 1982. He truly has "done it all", having taught courses in mathematics, industrial arts, business, and, for one shining year, culinary arts! Additionally, his smiling face has been seen guiding reluctant drivers into hitherto-unknown parking spaces, shepherding lagging students into first period classrooms, and convincing stragglers that the quickest way to the Auditorium area is *not* through the Dairy Queen parking lot!

We wish Mr. Borsetti many years of good health in his retirement, exciting new cities and countries to visit, continued love and enjoyment within the supportive and caring circle of his many family members and friends.

## PATRICIA FEMINO

Mrs. Femino came to teach at Beverly High School in 1985; she had previously taught at Memorial Middle School [then, Junior High]. She brings her many years of study and training in mathematics to all of her classes, which are well-planned, functional and lively. Mrs. Femino has contributed much of her extracurricular time to the Student Council, serving as advisor and faculty coordinator to the elected members of the student body who represent all of the other students at BHS.

Among her faculty colleagues, Mrs. Femino is considered a loyal, supportive friend, always ready to offer assistance and guidance whenever needed. May she enjoy fully her years of retirement, spending great, fulfilling amounts of time with her children and their children, with her many extended family-members and friends. BHS thanks you sincerely, Mrs. F.

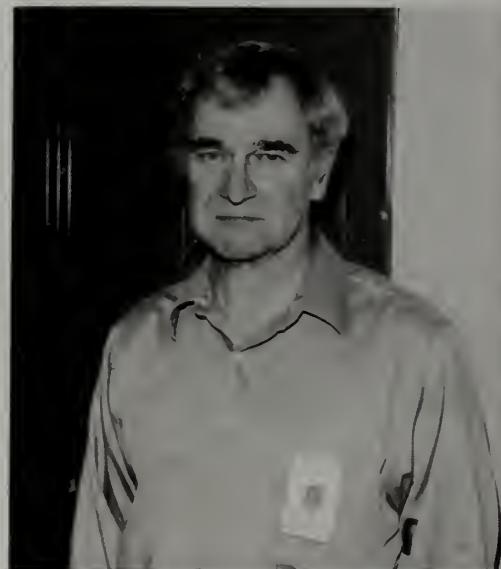

## HENRY KEANE

Mr. Keane has actually been a "first year" teacher at Beverly High School twice! A science teacher, he taught at BHS from 1975 to 1989. Then, he transferred to Memorial Middle School, where he taught for five years. Finally, wishing to work again with high school-aged students, Mr. Keane returned to us in 1994.

Mr. Keane, in all of his teaching assignments, projects a deep concern and a genuine caring for his students. He is always available to listen to students, whether their conversations concern subject matter or personal problems. Always non-judgmental, Mr. Keane provides wise insights generated from experience, vast reading and deep awareness of and respect for all of his students.

We wish Mr. Keane many more years of intellectual exploration, involvement with many social and charitable groups, and a full retirement, replete with new experiences and future challenges.

### ROBERT LOISELLE

Mr. Loiselle came to Beverly High School with the advent of the ninth grade leaving the junior high setting. Deeply compassionate, insightful, terrifically humorous, Mr. Loiselle made an immediate and long-lasting impression on BHS. He has become involved in numerous extracurricular activities, has served several times as Class Advisor, has demonstrated, through his own example, the true meaning and construct of charitable activities. Incredible witty and verbally astounding, Mr. Loiselle exudes the humor and good will of the quintessential teacher who was, literally, "born to teach." We have no doubt that, whatever path his retirement takes, Mr. Loiselle will always find a way to impart his wisdom, admiration for adolescents, and unique ability to share thoughts and exert gentle guidance upon those fortunate persons whom he encounters. GOOD-BYE, MR. CHIPS? . . . Godspeed, Mr. Loiselle.

### ROGER ROSINSKI

Coach Rosinski has spent 32 years in the Beverly school system, teaching classes in physical education, wellness and coaching football. He has taught at every level: elementary, middle school and high school. He is especially successful and caring when working with students of varying special needs and disabilities; his patience and determination, together with his astute insights and skills, have made him a revered and highly respected teacher. As assistant and then head coach of Beverly football teams, Mr. Rosinski has molded and entire generation of players; as with any superior leader, Coach Rosinski was concerned with players' developing character, integrity and sportsmanship, as well as absorbing the fundamentals of the game. As we look back at your career, Coach, we see not only a "winning season" but also an Eastern Massachusetts "Super Bowl" of a lifetime dedicated to young people!

### MR. GARY SMITH

Insightful, sardonic, intuitive - Mr. Smith personifies all of these adjectives as he demonstrates and works cooperatively with students in order to produce some of the spectacular art projects seen recently at BHS. Mr. Smith has single-handedly created and advanced the photography aspect of the visual arts offerings; each year since its inception, our students have been awarded prizes and first-place commemorations in various art shows and juried programs. All of this skill and encouragement is due to the expertise and guidance of Mr. Smith. May he continue to find excitement and creative expression in his own artistic output as he enjoys his retirement from BHS.

### ROBERT VOGLER

... And the Voglerometer in C-wing office reads: 0! After teaching for 32 years at Beverly High School, the genial, forever-joking and laughing Mr. Vogler is moving on to the next stages of a life that has been devoted to teaching and guiding young people. Arriving on the scene in 1971, Mr. Vogler has expended equal amounts of time and energy between his classroom presentations and his extracurricular duties. He has served as yearbook advisor for several years, and as Class Advisor to many groups of graduates. He is also one of those unique teachers who continue to maintain contacts and social associations with students long after they graduate - ultimately, he is a fabled "teacher who becomes a friend." Wherever his future path of life may wind, rest assured that Mr. Vogler will embrace it with all of the gusto, enjoyment and sharply-honed insights that he has brought to us, his BHS family, here in Beverly.
